I'm Weather Ready

Whether it's a cold front
Whether it's a 98 in the shade heatwave
Got the four-one-one
You keep me in the know anywhere I gotta go
If it's sunny or it's raining
It don't matter cause I know I'm good to go & I'm safe
And if the skies turn cloudy and gray
I know I'm gonna be OK ...

Chorus:

*I'm weather ready....
Ready for the rain or shine
I'm weather ready....
I've got the down low anywhere anytime
I don't worry about the day ahead
Cause you're keeping me so connected
And it feels so good to know that I've got you with me
Yeah I'm weather ready....*

Whether it's pourin
Whatever way the wind blows
I know you're keepin me ready for the drive in
It don't matter where I go cause I know you're gonna go everywhere that I am
24/7 every day and night
I don't worry bout goin outside
Cause I know I'm gonna be all right....

(Chorus)

Bridge:

Anywhere I go I know that I can count on you (count on you)
One click or one touch and I'm onto what's up
That's all I've gotta do ... (and)

I'm weather ready....
Ready for the rain or shine
I'm weather ready....
Cause I know I'm gonna be all right....

(Chorus)
